

MR SAFE, ADJUSTABLE & FIXED HEIGHT PATIENT TROLLEYS

Wardray Premise Ltd manufacture Trolleys specifically designed for use in MRI Departments.

All Trolleys fully tested safe to 7 tesla

Trolleys are built using non ferrous materials making them fully compatible to this specific environment. All products are fully tested to 7 tesla magnets.

Available as either fixed or adjustable height and for both adults and paediatric patients.

Trendelenberg function supplied as standard on all trolleys.

Other features include:

- ▶ weight capacity of 220kg (490lb) for adult trolleys
- ▶ adjustable height trolleys operated by a hydraulic pedal pump
- ▶ fixed height trolleys manufactured to maximum height (1100mm) specified by the end user
- ▶ gas sprung adjustable backrests

BESPOKE SERVICE

Wardray Premise offer a bespoke service. Trolleys are manufactured individually to suit customer requirements.

Personal specifications can include but are not restricted to the following:

- ▶ length of trolley
- ▶ framework colour
- ▶ cot side design
- ▶ additional storage for other equipment (see paediatric trolley, left)

We would be happy to discuss customers specific specification.

Please contact our sales office.

Full service contracts available throughout the UK
